

Letter from Alexander Graham Bell to Mauro, Cameron, Lewis & Massie, May 8, 1915

ALEXANDER GRAHAM BELL TELEPHONE NORTH 166 1331 CONNECTICUT AVENUE, WASHINGTON, D.C. May 8, 1915. Messrs Mauro, Cameron, Lewis & Massie, 700 Tenth Street, N.W. Washington, D.C. Gentlemen:—

Bell et al v. Myers, Interference No 34,455.

Mr Baldwin, in due course, handed to me your note of May 1, 1915, with copies of the following for my consideration:—

- (1) Testimony taken on behalf of Bell et al. (two printed copies)
- (2) Testimony taken on behalf of Myers (one typewritten copy)
- (3) Certified copy of the application of Myers Serial No 621,233, filed January 29, 1897 (abandoned); and
- (4) Copies of seven patents referred to in Myers' deposition.

I return these papers herewith with the exception of No 1, the testimony taken on behalf of Bell et al, as I presume I am at liberty to keep the two printed copies.

The documents contain the preliminary statements of Bell et al; but I do not find the corresponding preliminary statements filed by Myers. If convenient I would like to have the opportunity of looking them over.

Library of Congress

Judging from the evidence given by Myers it does not seem to me that he has any case at all. His so-called "Testimony" is argument pure and simple. He seems to have been unable to separate Myers the witness from Myers, the Counsel.

Yours sincerely, Alexander Graham Bell Enclosures as stated.
